DETAILED ACTION

Allowable Subject Matter

Claims 18 and 19 are allowable. The following is an examiner's statement of reasons for allowance: Applicant cogently traverses the rejection of record by citing Bright and Chang. The examiner agrees that in view of these teachings, the prior art method cited in the previous Office action would be unlikely to produce the composition and polyester recited in the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
